## Focus Letter Pattern: DG

Lesson Difficulty Level: 5

There are approximately 500 words in the English language containing the letters DG.

STEP 1: Using hints, work with your students to generate the following words and fill in the word work matrix. Be sure to define each word and use it in a sentence as you write it in the word-work matrix.

1. EDGE
2. BADGE
3. DODGE
4. FUDGE
5. JUDGE
6. BUDGE
7. BUDGET
8. LODGE
9. RIDGE
10. BRIDGE
11. BADGER
12. LEDGE

STEP 2: When the word-work matrix is completed, have the students chant the words aloud 3 or 4 times to build rapid and proper pronunciation.

STEP 3: Quickly call out words at random, and have the students tell you what cell each word is in. For example, if you say BRIDGE, the students should tell you it's in box 10. Or if you say BUDGE, the students should say it is in box 6.

STEP 4: Read the following sentences aloud and have the students figure out what word belongs in the blank space:

- I crawled out the window, and out on the \_\_\_\_\_.
- I love it when my mother makes chocolate \_\_\_\_\_.
- I don't have much money, so I have to live within a \_\_\_\_\_.
- One of the meanest animals on the planet is the \_\_\_\_\_.
- I'm trying to move the fridge, but it won't \_\_\_\_\_.

STEP 5: In the spaces below the word-work matrix, have students generate other words that contain the letters DG. To make it more interesting, tell them you will be very impressed with students who come up with really unusual and sophisticated vocabulary words. See if the students come up with words like FRIDGE or GADGET. If they can't, encourage them to simply modify one of the words you have already discussed with a prefix or a suffix, or think of a compound word that contains one of the words from today's lesson.

STEP 6: Have the students generate an original sentence correctly using at least two of the words from the lesson.
