
Focus Letter Pattern: LONG EE

Lesson Difficulty Level: 3

STEP 1: Using hints, work with your students to generate the following words and fill in the word work matrix. Be sure to define each word and use it in a sentence as you write it in the word-work matrix.

1. GREEN
2. SEEM
3. WEEK
4. KNEE
5. FREE
6. THREE
7. CREEP
8. DEEP
9. NEED
10. GREED
11. STREET
12. TEETH

STEP 2: When the word-work matrix is completed, have the students chant the words aloud 3 or 4 times to build rapid and proper pronunciation.

STEP 3: Quickly call out words at random, and have the students tell you what cell each word is in. For example, if you say GREED, the students should tell you it's in box 10. Or if you say THREE, the students should say it is in box 6.

STEP 4: Read the following sentences aloud and have the students figure out what word belongs in the blank space:

When I fell off my bike I skinned my _____.
I need braces to straighten out my _____.
There are seven days in a _____.
I tried to touch the bottom of the swimming pool, but it was too _____.
My mother told me not to play in the _____.

STEP 5: In the spaces below the word-work matrix, have students generate other words that contain the letters LONG EE. To make it more interesting, tell them you will be very impressed with students who come up with really unusual and sophisticated vocabulary words. See if the students come up with words like PREEN or SNEEZE. If they can't, encourage them to simply modify one of the words you have already discussed with a prefix or a suffix, or think of a compound word that contains one of the words from today's lesson.

STEP 6: Have the students generate an original sentence correctly using at least two of the words from the lesson.

Student Word-Work Worksheet

NAME: _____ FOCUS LETTERS: _____

| | | |
|-----|-----|-----|
| 1. | 2. | 3. |
| 4. | 5. | 6. |
| 7. | 8. | 9. |
| 10. | 11. | 12. |

Write your OWN words that contain the letters _____:

Write a **grammatically correct** sentence using at least TWO of the words from the matrix above.
