## Focus Letter Pattern: Y/YE

Lesson Difficulty Level: 3

STEP 1: Using hints, work with your students to generate the following words and fill in the word work matrix. Be sure to define each word and use it in a sentence as you write it in the word-work matrix.

1. MY
2. BY
3. WHY
4. FLY
5. CRY
6. SKY
7. TRY
8. DRY
9. SHY
10. SLY
11. SPRY
12. DYE

STEP 2: When the word-work matrix is completed, have the students chant the words aloud 3 or 4 times to build rapid and proper pronunciation.

STEP 3: Quickly call out words at random, and have the students tell you what cell each word is in. For example, if you say SLY, the students should tell you it's in box 10. Or if you say SKY, the students should say it is in box 6.

STEP 4: Read the following sentences aloud and have the students figure out what word belongs in the blank space:

- I used a Kleenex to \_\_\_\_\_ my eyes.
- The story was written \_\_\_\_\_ the author.
- If you get it wrong the first time, give it another \_\_\_\_\_.
- The boy didn't want to talk because he was feeling \_\_\_\_\_.
- Someone young and energetic is described as \_\_\_\_\_.

STEP 5: In the spaces below the word-work matrix, have students generate other words that contain the letters Y/YE. To make it more interesting, tell them you will be very impressed with students who come up with really unusual and sophisticated vocabulary words. See if the students come up with words like LYE or RYE. If they can't, encourage them to simply modify one of the words you have already discussed with a prefix or a suffix, or think of a compound word that contains one of the words from today's lesson.

STEP 6: Have the students generate an original sentence correctly using at least two of the words from the lesson.

## Student Word-Work Worksheet

NAME: \_\_\_\_\_ FOCUS LETTERS: \_\_\_\_\_

1.	2.	3.
4.	5.	6.
7.	8.	9.
10.	11.	12.

Write your OWN words that contain the letters \_\_\_\_\_:

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Write a **grammatically correct** sentence using at least TWO of the words from the matrix above.

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_
